FAQ's

What should I wear?

Please wear whatever you feel comfortable and relaxed in to shoot. If that's your shooting kit, great, if its jeans and a shirt, that's also ok. The only thing to consider is the weather. Please be prepared to spend a day outside in whatever Cumbria has to offer.

What's on the menu?

We use local suppliers and caterers to give you a taste of the best Cumbria has to offer. The menu varies but be assured you'll be well fed and fuelled up for the day and if you'd like something, please just ask. If you have any dietary requirements please let us know in advance.

What cartridges should I bring?

They must be Fibre Wad and we would advise a lighter load or shoulder protection to those unused to such high volumes of shots during a drive.
